

STEMSHINE PRO GP8

GLASS POLISHER

700 GLASSES/HOUR

High-Efficiency Glass Polisher for Professional Settings

The StemShine GP8™ is a premium glass polisher built for operations that demand flawless presentation and efficiency. Ideal for restaurants, hotels, wineries, caterers, and banquet halls, this robust tabletop model handles high volumes while delivering crystal-clear results.

Designed with the restaurant operator in mind, it features eight high-speed soft brushes and a heated fan to polish and dry stemware with ease — achieving six to eight times the output of manual labor. Though built for continuous use, it's light enough to move as needed throughout any facility. Drawing only 13 amps and weighing 65 lbs, the StemShine™ is fully portable. High-quality polishing, fast drying, and a brilliant shine all contribute to a polished guest experience.

Key Features:

- **8 Soft Polishing Brushes**

Gently remove smudges and dry glassware for a spotless, crystal-clear finish.

- **High-Capacity Performance**

Polishes 700+ glasses per hour — ideal for busy operations and saving labor.

- **Compact & Versatile Design**

Fits easily in front or back of house while delivering professional results.

- **Durable Build**

Made with high-quality materials for reliable, long-lasting performance.

- **Multiple Finishes Available**

Offered in Stainless Steel color.
