

WECDUASA & WECDUATB

BUBBLE WAFFLE MAKER, 180° OPENING

The Bubble waffle maker, also known as the Egg Waffle maker, is designed to create crispy and airy bubble-shaped waffles. The specially engineered waffle plates form thin, delicate pockets, reducing batter consumption while delivering perfect texture.

With its 180° opening system, this waffle maker ensures even batter distribution, guaranteeing consistent baking results. Once baked, Bubble waffles can be rolled into a cone and topped with ice cream, fruits, whipped cream, or other creative toppings.

Both models come with the Easy Clean System, allowing quick removal of the waffle plates for effortless dishwasher cleaning. Additionally, the Heating Element Pack ensures even heat distribution across the cast iron plates for uniform cooking.

Key Features

- ✓ 180° Opening System: Ensures uniform batter distribution for perfectly shaped waffles.
- ✓ Non-Stick Cast Iron Plates: Delivers crisp waffles while reducing batter waste.
- ✓ Easy Clean System: Plates can be detached and cleaned in the dishwasher.
- ✓ Heating Element Pack: Provides optimal heat distribution for even baking.
- ✓ Compact, Professional Design: Ideal for cafés, food trucks, and dessert shops.
- ✓ High-Quality Stainless Steel Frame: Ensures durability and professional-grade performance.
