

## Commercial Gas Hose

ITEM: 47775 | 47871 | 47872 | 47873

### Ideal for any gas equipment.

*It offers flexibility in appliance placement and reduces the need for frequent hose adjustments enhancing both convenience and safety.*

**FEATURE:**

- Protective Translucent Coating
- Stainless Steel Radial Wrap
- Heavy Duty T-304 Corrugated Stainless Steel Hose
- Heavy Duty T-304 Coupling with Chrome Coating
- Commercial Grade Quick Disconnect Fitting
- Restraining Cable Kit

**Includes**

Street Elbow

Shut-Off Valve

Quick Disconnect

Restraining Kit

| TECHNICAL SPECIFICATION        |                                                                                                                                                                                                 |                                                                                                                                                                                                 |                                                                                                                                                                                                 |                                                                                                                                                                                                 |
